SERVICE Above Self

WELCOME BACK MICHAEL

As the most recent past president, most unpresidentially garbed in his shorts, socks and mohair stockings, Mick Leahy graciously took the chair and sat among the plebs rather than the adorning (?) the head table.

MEETING VENUE

Adam Ramage reported that everything appears GO for a move to Curley Joe's subject to us solving the amplification problem. Anybody wanting a test drive is welcome to turn up for lunch on Wednesday March 8th. The date of any change will be determined after this luncheon.

BOY FROM OZ

Mick reported that the ticket choice is between costs of \$89, \$149 and \$249. We opted for the \$149 seating and have suggested the date of August 12th. Please notify him as soon as possible if you want to come.

GSE WELCOME DINNER

Hawthorn Rotary are holding this event on November 14th which was promoted at the meeting. Nobody showed any interest in attending but the invitation is there and you should notify Hawthorn Rotary directly if you wish to be in it.

GUEST SPEAKER

There was nothing on the agenda and Alice kindly volunteered (?) to speak to us on her recent visit to the Immigration Detention Centre. Alice found it a rather foreboding place with huge security precautions. She was particularly impressed with the security provided when she and her associate visited their client in the privacy of a little room which was provided with a security phone and buzzer for them to activate when it was time to leave. She was slightly less impressed when neither of these wonderful devices worked.

Don't worry Mates, everything was apples, their client was peaceful and made no attempt to murder them. Even if he had, I am sure that they would have been well compensated.

Thank you Alice for a great talk with no notice.

BRUNSWICK FESTIVAL

Don't forget – ALL HANDS ON DECK Sunday week, March 5th.

THIS WEEKS MEETING

The Bulletin editors have been treated like mushrooms, so who knows what is in store?
