The team will have dinner with the R.C. of Caloocan-Monumento hosted by President Anthony Atienza that evening.

The team will then investigate a number of options for club involvement in vocations, basic education, a second water purification system or other matters brought to their attention.

The team will then party, starting with Mal at 5 a.m. for an hour's walk, finishing at midnight (or so) rocking with Cheryle. Swimming and resting at a resort during the day.
